## **A Thought for the Week:**

By T.D. Jakes

Week 1: Never dismiss or discount God's ability to work in ways that may remain a mystery to you.

Week 2: Reach up today to the One Who is already reaching down to you-your heavenly Father.

Week 3: Compliment God today on the fine job He did when He made you.

Week 4: Choose today to WALK in the image of your ETERNAL Father

### **Topic: SHEEP, GOATS, WOLVES, WATCHDOGS**

"Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves." (Matthew 7:15).

In every herd of sheep you will have goats and the wolves who want to infiltrate to destroy the flock, but thank God for sheepdogs. How to know the difference between the sheep, the goats and the wolves. The sheep dog can't be a hireling!

### **Lesson for the Month:**

#### **The Purpose Driven Life**

Purpose 2: Faith and Friendship with God (April-May)

Your life is worth taking time to think about. And God is worth knowing, because he's the only one who can give your life real meaning. In 2016 the youth will study and discuss the book Purpose-Driven Life Devotional for Kids by Rick Warren to get a better understanding of God's plan for their lives and how they can make a difference in the world.

## Practical Life Tidbits

### Notice of New Area Code for Indianapolis and Suburbs

Beginning **October 2016**, you will begin to see a **new 463 area code for Indianapolis and surrounding suburbs**. The 317 area code is running out of numbers and a new 463 area code will need to be added. The 317 area code generally covers the region of Indianapolis and most of its suburbs. This new 463 area code will serve the same geographic area.

#### What does this mean?

- Your existing phone number **will not** change including your area code.
- The price of a call, coverage area, or other rates and services will not change.
- You will still have to dial 1 + area code + telephone number (11-digit dialing) to place long-distance calls within the 317/463 area codes.
- You can still dial just three digits to reach 911.
- To complete local calls, the new dialing procedure will require you to dial the 10-digit number (area code + telephone number). This means that all calls in the 317 and 463 area code that would be dialed with seven digits will need to be dialed using 10-digit telephone number.

**Beginning September 17, 2016**, you must use the new 10-digit dialing procedures, as described above for all calls. After this date, if you do not use the new dialing procedures, your calls will not be completed and a recording will instruct you to hang up and dial again.

**Beginning October 17, 2016**, new telephone lines or services may be assigned numbers using the new 463 area code.

In addition to the changing of the dialing process, all services, automatic dialing equipment, or other equipment that are programmed with a 7-digit number will need to be reprogrammed. Some examples of personal home equipment to check: Any life safety systems, such as medical alert systems, Phone switches, Fax machines, Internet dial-up numbers, Alarm or security systems, Speed dialing settings, Call forwarding settings, and Voicemail services.

Many newer systems use the 10-digit dialing already but if you are unsure, please contact your medical alert or security provider about the upcoming changes.

#### **Mission Statement**

Our mission is to perpetuate the gospel of Jesus Christ (the good news of the death, burial and resurrection of our Lord and Saviour). We want to proclaim these glad tidings to all, to provide a clear and direct route to God, to prepare all that will believe and receive for the much anticipated great and glorious return of our Lord.
