Welcome

To all our visitors, family, and friends; it is with the greatest pleasure that we welcome you. It is our desire that you will receive a blessing. Remember, you always have an open invitation to worship here at Good News. Because being here today was not by chance, but ordained by God—A long time ago. May GOD bless you richly!!!!

Pastor Drayton Travis and First Lady Mattie Travis

A Thought for the Week:

Week 1: Absence is to love what wind is to fire, it extinguishes the small, it kindles the great. --Rabutin

Week 2: You can't make an omelet without breaking eggs.

Week 3: A bad workman blames his tools.

Week 4: Things that are done, it is needless to speak about...things that are past, it is needless to blame.— Confucius

Topic: In celebration of Black History Month we will look at the Black Presence in the Bible

Lesson for the Month:

The Purpose Driven Life

Purpose 1: The Reason for Everything (February – March)

Your life is worth taking time to think about. And God is worth knowing, because he's the only one who can give your life real meaning. In 2016 the youth will study and discuss the book Purpose-Driven Life Devotional for Kids by Rick Warren to get a better understanding of God's plan for their lives and how they can make a difference in the world.

Youth Challenge- Learn and Recite

"Our Deepest Fear" by Marianne Williamson -

Facts about the Zika Virus

Symptoms

- About 1 in 5 people infected with Zika virus become ill (i.e., develop Zika).
- The most common symptoms of Zika are fever, rash, joint pain, or conjunctivitis (red eyes). Other common symptoms include muscle pain and headache. The incubation period (the time from exposure to symptoms) for Zika virus disease is not known, but is likely to be a few days to a week.
- The illness is usually mild with symptoms lasting for several days to a week.
- People usually don't get sick enough to go to the hospital, and they very rarely die of Zika.
- Zika virus usually remains in the blood of an infected person for about a week but it can be found longer in some people.

Treatment

- There is no vaccine to prevent or specific medicine to treat Zika infections. Treat the symptoms:
 - Get plenty of rest.
 - Drink fluids to prevent dehydration.
 - Take medicine such as acetaminophen (Tylenol®) to relieve fever and pain.
 - Do not take aspirin and other non-steroidal anti-inflammatory drugs.
 - If you are taking medicine for another medical condition, talk to your healthcare provider before taking additional medication.

Mission Statement

Our mission is to perpetuate the gospel of Jesus Christ (the good news of the death, burial and resurrection of our Lord and Saviour). We want to proclaim these glad tidings to all, to provide a clear and direct route to God, to prepare all that will believe and receive for the much anticipated great and glorious return of our Lord.
