Welcome

To all our visitors, family, and friends; it is with the greatest pleasure that we welcome you. It is our desire that you will receive a blessing. Remember, you always have an open invitation to worship here at Good News. Because being here today was not by chance, but ordained by God—A long time ago. May GOD bless you richly!!!!

Thoughts of the Week

- Week 1: The honorary duty of a human being is to love.-Mayo Angelou
Week 2: A person who loves you truly will never let you go whatever the situation is. -Unknown
Week 3: You know you're in love when you can't fall asleep because reality is finally better than your dreams. -Dr. Seuss
Week 4: Being deeply loved by someone gives you strength, while loving someone deeply gives you courage. -Lao Tzu

Lesson for the Month – “One Thing”

The youth this month will be encouraged to examine their life and identify one thing they need to give up at the start of this New Year. What is the one thing in their life that is holding them back from having a closer walk with God or having a relationship with him at all?

Scripture: Luke 18:18-27

Youth Night –Activity To Be Announced

Friday, January 16th 5:30 pm -7:30 pm

Practical Life Tidbits

Prepare Your Home for Winter

Mother Nature surprised us with freezing temperatures earlier than normal this year. Whether or not this means we're going to be facing another polar vortex, Citizens Energy Group wants to remind all customers of simple, low cost ways to winterize your home.

Protect Pipes:

- Insulate pipes that are exposed to cold air.
- Make sure the lid on your water meter pit is tightly secured.
- Leave a thin stream of water running when the temperature is below zero.
- Open cabinet doors below sinks to let warm air circulate around pipes.
- Locate your water shut-off valve so you know how to turn water off quickly in case a pipe bursts.

Heat Responsibly:

- Hire a licensed contractor to inspect your chimney and furnace annually.
- Be mindful that using alternative heating sources incorrectly can be dangerous.
- Install a smoke detector on every level of your house. Check smoke detectors monthly and change batteries every six months.
- If using a space heater, create a three foot safety zone. Keep space heater away from anything flammable like furniture and draperies.
- Don't heat your home with a gas oven. Long-term, continuous use of a natural gas oven can create a buildup of carbon monoxide in your home that can be harmful or even fatal.

Mission Statement

Our mission is to perpetuate the gospel of Jesus Christ (the good news of the death, burial and resurrection of our Lord and Saviour). We want to proclaim these glad tidings to all, to provide a clear and direct route to God, to prepare all that will believe and receive for the much anticipated great and glorious return of our Lord.
