Welcome

To all our visitors, family, and friends; it is with the greatest pleasure that we welcome you. It is our desire that you will receive a blessing. Remember, you always have an open invitation to worship here at Good News. Because being here today was not by chance, but ordained by God—A long time ago. May GOD bless you richly!!!!

A Thought for the Week:

Week 1: It is faith that gives you the courage to trust God when His will collides with your plans.

Week 2: Although the problem may be rooted in the past, the prescription is a present word from God!

Week 3: Being a father is not about being Superman, It's about being there.

Week 4: You can re-program your mind through the Word of God.

Final Month of Youth Challenge

Learn and Recite

"Our Deepest Fear" by Marianne Williamson

“Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others.”

Practical Life Tidbits

Are you drinking the amount of water you should every day?

- 75% of Americans are chronically dehydrated.
- In 37% of Americans, the thirst mechanism is so weak that it is often mistaken for hunger.
- Even MILD dehydration will slow down one's metabolism as much as 3%.
- One glass of water shut down midnight hunger pangs for almost 100% of the dieters in a University of Washington study.
- Lack of water is the #1 trigger of daytime fatigue.
- Preliminary research indicates that 8-10 glasses of water a day could significantly ease back and joint pain for up to 80% of sufferers.
- A mere 2% drop in body water can trigger fuzzy short-term memory, trouble with basic math, and difficulty focusing on the computer screen or on a printed page.
- Drinking 5 glasses of water daily decreases the risk of colon cancer by 45%, plus it can slash the risk of breast cancer by 75%, and one is 50% less likely to develop bladder cancer.

Mission Statement

Our mission is to perpetuate the gospel of Jesus Christ (the good news of the death, burial and resurrection of our Lord and Saviour). We want to proclaim these glad tidings to all, to provide a clear and direct route to God, to prepare all that will believe and receive for the much anticipated great and glorious return of our Lord.
